RULES OF THE KENNELS

- ➡ **The owners must be insured for liability for their pet, they therefore remain responsible for all damages caused by their pets during the stay in the pension, except in the case of serious mistakes attributable to the custodian of the kennel. This agreement does not infer an outright transfer of responsibility. ANY DESTRUCTION within the kennels will incur an additional charge to the owner, with the exception of green space, noise or uncleannesses (urine, faeces, menstruation blood etc ...)**
- ➡ **Dogs 1st and 2nd categories are accepted but owners must be in good standing (permitted ownership, insurance, muzzle ...)** The kennel will keep all documents during their stay.
- ➡ **Here the dogs are family, we do not allow dogs that do not know how to mix and the boxes are individual (except when agreed that several dogs are kept together)**
- ➡ **The dog must be microchipped or tattooed, compulsorily vaccinated and up to date on all vaccines, preferably also against kennel cough. If the dog is not vaccinated against kennel cough and they catch it, the kennel cannot be held responsible.**
- ➡ **Treatments against fleas, ticks and worms are mandatory.** The kennel cannot be held responsible if the dog catches parasites after his stay due to the fact that pest control treatments were ineffective.
- ➡ **On arrival of your dog, you must provide an up to date health card and/or passport which we keep until departure.**
- ➡ **Any charges that may occur during their stay, such as fees of veterinarian or the purchase of medicines, will be the responsibility of the owner. As would be charges due to intervention of veterinary emergency, if surgery was required.**
- ➡ **The management reserves the right to refuse any animal that could prove ill or contagious.**
- ➡ **You can contact us at any time to check on your pet and to extend his stay (if we have the availability)**
- ➡ **Food is provided by the owner.**
- ➡ **The owner can bring a basket, pillow, rug, toys for the comfort of their dog.**
- ➡ **The owner undertakes to inform the management of any health problems, temperamental problems or veterinary treatment regarding their animal. If your pet is sick before entering the pension, the treatment may be administered by us under veterinary prescription. In this case you are to provide the drugs in sufficient quantities for the duration of his treatment accompanied by the corresponding prescription (no extra charge). The management reserves the right not to handle directly any animal deemed dangerous. In any case the management cannot be held responsible in case of animal death during their stay or if the aggressiveness of the animal prevents care.**
- ➡ **The kennels are not responsible for illness or eczema that may occur during or after the stay of the animal. All hygiene and disinfection procedures are performed daily.**
- ➡ **The owner entrusts their pet(s) knowing the security measures taken for the well being of each resident, meaning if the animal runs away, the kennels cannot be held responsible. We will walk your animal only on a lead if you request it. Warning: If your pet runs away, despite our precautions we are not responsible.**
- ➡ **There will be no reduction or refund if the stay had to be shortened. Any cancellation of the stay, once the contract is completed and signed, will be charged as if it had been completed.**
- ➡ **If we have no contact from the owner then in the event that the dog is not collected by its owner within 7 days beyond the scheduled date, the management reserve the right to feed, care for the animal and all expenditure will be the responsibility of the owner.**
- ➡ **Beyond a period of 7 days after the due date, the kennels reserve the right to entrust the dog to SPA services.**
- ➡ **Death of animals: In case of death of the animal during its stay, the owner may request, at their expense, an autopsy which will determine the cause of death. A report will be prepared by the veterinarian and a certificate will be issued to the owner. The management can not be held responsible for the death of any animal beyond their control (e.g. heart attack, previous disease, epilepsy, age, etc ...)**
- ➡ **If the dog shows aggression during his stay, the kennels will contact the owner for a possible solution, but if it cannot be approached the management accept no liability.**
- ➡ **The management reserves the right to refuse any animal it deems necessary**
- ➡ **A new contract will have to be agreed for each stay.**
